OBJECTIVE

Front-end focused Web Developer with professional experience at Kaab Technology. Skilled in HTML, CSS, Bootstrap, and JavaScript, with hands-on experience developing web applications, fixing bugs, maintaining existing systems, and building responsive user interfaces. Familiar with PHP and MySQL and continuously expanding knowledge in backend development. Strong foundation in software engineering and a passion for creating user-friendly, efficient web solutions.

WORK EXPERIENCE

Web Developer | Kaab Technology

Nov 2025 – Present

- Develop and maintain responsive websites using HTML, CSS, JavaScript, Bootstrap, PHP, and MySQL.
- Implement new features, troubleshoot issues, and fix frontend and backend bugs.
- Test, optimize, and maintain web applications for performance, functionality, and responsiveness.
- Manage project tasks independently while ensuring timely delivery and adherence to requirements.
- Improve user experience by enhancing website design and overall performance.

Computer Studies Teacher | Dadi Secondary School, Karachi

Sep 2023 – May 2025

- Taught Computer Studies to students from Grade 4 to Matric, covering MS Office, internet skills, and basic programming.
- Managed computer lab and provided technical support for systems and classroom devices.
- Prepared lessons, assignments, and assessments to support student learning.
- Helped students develop basic computer and digital literacy skills.
